

The Right Medication, Right From the Start

Ensure that your physicians and pharmacists have all the information they need to make the best treatment decisions. How?
Personalized pharmacogenetic (PGx) insights.

For the Patient		For the Provider
<p>Feel Better, Faster Minimize how many failed medications you take by knowing what works best for your DNA.</p>		<p>Improve Patient Care Reduce adverse effects and get your patients on the right medications, right away.</p>
<p>Find Out What Makes You, You Your tests results easy to view, understand, and share with your healthcare provider.</p>		<p>View, Interpret, Prescribe Save time and money by deploying an automated digital prescribing assistant.</p>
<p>Test Once and Benefit Forever TreatGx covers over 45 of the most common conditions, so your test results will help you for life.</p>		<p>Not Just PGx TreatGx considers all relevant health variables to ensure insights are appropriate.</p>
<p>Evidence Based GenXys does all the research so you don't have to. TreatGx is constantly updated based on guidelines from CPIC, PharmGKB, DPWG, the FDA, and more.</p>		

How it Works

- ✓ Purchase TreatGx^{plus} online
- ✓ Collect and Send Your Sample
- ✓ View and Share Results

"I feel a massive sense of relief. My cholesterol is under control and I feel better than I did ten years ago."

- Erkan A., Patient

Find personalized and optimized medications with TreatGx^{plus}.
